Chorus: Arise, shine out, for our Light has come, The glory of God now dawns on us, Thou night may cover the earth, And darkness shadows all people.
1. Our Father above, now guides us,
On high, His glory appears,
The nations step into his radiance
And kings walk into His brightnessChorus.
2. Though we may be abandoned
Abused and hated and shunned
But he will make us his people
A joy for ever and everChorus

3	3. Our eyes will see no sunsets,
١	Nor our moons will ever wane,
	While God will be our lasting bright
	Light Our days of tears will be overChorus
4	I. Our people will be upright
٧	Ve will have our bountiful lands,
Т	The shoot of Jesse, that God planted,
F	Has now become our RedeemerChorus
	5. The least of the clans among us,
H	las become a Nation so great,
Т	o us our God has spoken,
lı	n due time, we'll see His actionsChorus
